**INFORMATION DISCLOSURE CORRECTION AND
SUBSTITUTE FORM PTO-1449**

S I R:

In order to comply with discretionary rules 37 CFR §§1.97 and 1.98, attached hereto is a copy of a Substitute Information Disclosure Statement (IDS) and PTO 1449 Form. This document is being submitted to replace the IDS and 1449 Form submitted on April 20, 2004.

The Serial Number listed on the IDS and PTO 1449 Form filed on April 20, 2004, was incorrectly listed as 10/723,085. This correct Serial Number should read 10/723,058.

Additionally, the European Search Report dated January 14, 2004 was inadvertently omitted from the "Other Prior Art-Non Patent Literature Documents" section. The enclosed 1449 form lists the Search Report along with the Foreign and U.S. Documents.

Applicant respectfully requests that the attached IDS and 1449 Form be substituted for the IDS and 1449 Form filed on April 20, 2004.

Any fee due with this paper may be charged on Deposit Account 50-1290.

Respectfully submitted,

Brian E. Hennessey

SUBSTITUTE INFORMATION DISCLOSURE STATEMENT

S I R:

In order to comply with discretionary regulations 37 CFR §§ 1.97 and 1.98, attached hereto is a copy of Form PTO-1449 and a copy of the documents listed thereon. This document contains information which the Examiner may consider to be important in deciding whether to issue a patent in the instant application.

As this statement is being filed prior to issuance of a first Office Action, no fee is due.

Also attached is a copy of a European Search Report dated January 15, 2004 from the corresponding European Application. All of the documents listed in Form PTO-1449 appear in the European Search Report.

For documents written in a language other than English, English language abstracts are annexed thereto explaining relevancy in accordance with 37 CFR §1.98 (a)(3).

The present Disclosure Statement is being submitted in compliance with 37 CFR §1.56 as an Examiner might consider any cited document important in deciding whether to allow the application to issue as a patent, but the citation of each document is not to be construed as an admission that such document is necessarily relevant or prior art. No representation is intended that the cited documents represent the results of a complete search, and it is anticipated that the

Examiner in the normal course of examination, will make an independent search and will determine the best prior art consistent with 37 CFR §§1.104 (a) and 1.106 (b), and in the course of such search will review for relevance every document cited on the attached form even if not initialed.

Early and favorable consideration is respectfully solicited.

Any fee due with this paper may be charged on Deposit Account 50-1290.

Respectfully submitted,

Brian E. Hennessey
